BATH

### Quiet Beeac

This is an unique property, an allotment of approximately 2280m2, with lake views, within the township of Beeac. The situation was originally two allotments with dwellings, nowadays only one home is remaining. The opportunity to maximise the potential of this property by once again returning this parcel of land back to the two original allotments should be possible, subject to council approval. The original dwelling comprising three bedrooms and approximately 100 years old, has undertaken some improvements and extension in later years. Upon inspection you can judge for yourself the viability of renovating, or alternately removal may be your preference.
